July 2-8, 1995

CRAYOLA DREAM-MAKERS COME TO EPCOT

EPCOT - North America's largest and most colorful children's art exhibition kicks off **July 8** at Epcot as **Crayola Dream-Makers** celebrates one of the most visual displays of support for Art Education.

400 framed masterpieces created by elementary school artists from around the United States and Canada will be exhibited as part of the Dream-Makers National Art Education Program, **through September 4** at various locations throughout Epcot. Student artists from as far away as Alaska, Northern Canada, and California will travel to Florida to the exhibition opening on July 8, where honorees and their teachers will be recognized on-stage by Crayola, Epcot, and Mickey Mouse and his friends.

The artworks, from students in kindergarten through grade six, were selected from among thousands of entries in the themes of earth, sea, and sky. After Epcot, the artwork will be exhibited in fifteen major universities and art museums through June 1996.

Celebrating its 10th anniversary, the Crayola Dream-Makers program encourages children to communicate visually, increase their ability to express themselves, and to think creatively and critically. It has involved more than 13 million elementary school students and thousands of teachers in hands-on activities.

SWING UNDER THE STARS!

THE AMERICAN ADVENTURE - The dazzling sounds of America's music performed by some of America's music legends is filling the air during **"Swingin' Summer Nights,"** now through August 18, at **America Gardens Theatre**.

The Disney Grammy All American College Jazz Band plays a program that includes jazz, pop, and just all-around good music. Each night they are joined by singer **Davonda Simmons** as well as a special guest artist from a lineup of legendary performers. This week, jazz and pop vocalist **Dianne Reeves** performs with the group **Sunday, July 2-Tuesday, July 4**, and Grammy Award-winning vocalist **Diane Schuur** joins the group **Friday, July 7-Sunday, July 9**. See pages 3-4 for times.

Disney's All-America Program, now in its 12th year at Epcot, brings together talented young musicians from across the U.S. This is the first year that the program is sponsored by the National Association of Recording Arts and Sciences, the sponsoring organization of the Grammy Awards.

INNOVENTIONS PLAZA FOUNTAIN

A short **"fountain fantasy"** featuring jumping water synchronized to music is presented approximately every 15 minutes throughout the day.

This Week at Epcot '95

"THIS LAND IS YOUR LAND"

THE AMERICAN ADVENTURE - Join us at the **America Gardens Theatre** at **12:30pm** on **Tuesday, July 4**, for a red, white, and blue celebration when we welcome a group of Romanian children as they become American citizens. The group is sponsored by The National Union of Adopted Families of Romanian Orphans, which has helped with the adoption process of Romanian children by families throughout the United States. The ceremony will feature the 1995 Disney Grammy All American College Jazz Band, the Voices of Liberty, and the "Sunshine Generation," a Florida children's choir.

WISH UPON A STAR DURING THE TANABATA FESTIVAL

JAPAN - ***Tanabata***, the Star Festival, is one of the Japan's five major festivals, and Epcot will host its own festivities celebrating this event in the Japan showcase for the second straight year on **July 5-7**.

The Star Festival is based on the legend of two lovers who were banished to opposite sides of the Milky Way and allowed to visit only one day per year. To commemorate the festival, the Japan showcase will feature several bamboo "wishing trees" on which guests can hang wishes written on colorful paper. Wishes should be placed on the trees on July 5 and 6, then on the morning of July 7, your wish will come true *(at least according to tradition)*! World Showcase Ambassadors will be on hand daily to explain the traditions and lore behind the festival.

TENNIS, ANYONE?

UNITED KINGDOM - Television broadcast of the **Wimbledon Lawn Tennis Championships** will be shown in the **Rose &Crown Pub** at the United Kingdom showcase **through July 9**. Enjoy strawberries and cream or a glass of champagne while you join in the excitement of this tennis classic.

IT'S SCIENCE MADE FASCINATING ON THE GREENHOUSE TOUR

THE LAND - The scene looks as if it came out of a science-fiction movie, but it's actually science reality.

The video clip shows, in amazing detail, live-action footage of a lacewing insect devouring aphids and tiny wasps destroying juvenile leafminers as they develop within a leaf. Videotaped through a microscope, the footage is part of what guests can see on the **Greenhouse Tour** at The Land pavilion.

Tour guests can see this scene in the new Integrated Pest Management (IPM) Laboratory. The use of IPM keeps insect and disease pests in plants at tolerable levels using a combination of tactics, including the use of a pest's own natural enemies to control it. In the new lab, guests can see how scientists produce beneficial insect pests and use a new device to count the little critters. This stop also includes insect rearing chambers.

Scheduled throughout the day, the Greenhouse Tour takes guests on a one-hour walking journey through research laboratories and greenhouses where Epcot scientists study plant nutrition, horticulture, pest management, genetic engineering, and fish farming.

The tour is offered in English only and costs a nominal fee of $5 for adults and $3 for children (ages 3-9). Guests may sign up for the Greenhouse Tour at the tour podium near the Green Thumb Emporium the lower level of The Land. Tour space is limited.

DISCOVER THE EPCOT DISCOVERY CENTER

INNOVENTIONS WEST - Have you ever wondered who composed the music in "Impressions de France"? Or how to set up a hydroponics garden at home? Or who provides the voice for MICKEY MOUSE?

Information on these topics and more is available at **Epcot Discovery Center**, an in-park information resource facility located on the **second floor of Innoventions West** above the "Field Trips" educational merchandise shop. Through the use of on-line databases, an extensive library, and numerous brochures and handouts, a staff of knowledgeable information specialists provides answers to questions from guests of all ages who wish to learn more about things they've seen during their visit to the WALT DISNEY WORLD Resort, as well as other aspects of The Walt Disney Company. Topics covered range from horticulture and marine science to entertainment and special effects.

Epcot Discovery Center also provides a variety of complimentary resources for educators, including a Class-to-Class Pen Pal Program, previews of educational media from Disney Educational Productions, and an Educator's Idea Exchange database.

MEET FARMER MICKEY

THE LAND - Farmer Mickey has harvested a variety of tasty treats from his garden and would like you to join him for home-style cookin' at the **Garden Grill Restaurant** in The Land. The restaurant now features character experiences with Farmer Mickey, Farmer Minnie, and some of their friends at breakfast, lunch, and dinner. Reservations are recommended, and may be made through WorldKey Information Terminals.

DINE AT LE CELLIER

CANADA - **Le Cellier** has reopened in the Canada Showcase, and is now serving delicious Canadian cuisine. The restaurant features a variety of hot and cold entrees, inspired by the people and provinces of Canada. Service is buffeteria-style, and reservations are not required.

Le Cellier is located across from the Victoria Gardens, and is open from 12 noon to 9pm daily.

TERTAINMENT GUIDE

TOURS OFFER A UNIQUE LOOK AT WORLD SHOWCASE

WORLD SHOWCASE - Imagine an international adventure that takes you from the wild jungles of Mexico to the finely manicured landscapes of France--all in one day! Or consider traveling around the world and exploring international customs, architecture, and art, all in a matter of hours. If these ideas intrigue you, then you should check out three unique tours of World Showcase at Epcot '95.

Gardens of the World is a three-hour study of basic design concepts, theming, and practices that have been instrumental in creating the beautiful, award-winning landscapes of World Showcase.

A Disney horticulturist is your guide as you travel through World Showcase for an up-close exploration of the gardens. You'll compare and contrast garden styles while studying design considerations, plant selections, and horticulture practices. Your instructor will also explain the role the landscape plays in developing the theme of the international pavilions.

Hidden Treasures of World Showcase provides two different three-hour adventures which highlight elements of the Disney "show" which most guests don't notice on a typical visit. You'll take a walking excursion around World Showcase promenade and observe the art, architecture, costumes, customs, and entertainment that bring each pavilion to life.

The tour begins with an overview of how World Showcase grew out of Walt Disney's original dream of an Experimental Prototype Community of Tomorrow. Following this brief introduction, you're off to explore one of two select programs: **Hidden Treasures East** *(encompassing the showcases of Mexico, Norway, China, Germany, Italy, and The American Adventure)* or **Hidden Treasures West** *(visiting the showcases of Canada, United Kingdom, France, Morocco, Japan, and The American Adventure).* Throughout the tour, you'll learn interesting facts and stories about the construction and design of those pavilions in your selected program. A highlight of the seminar is the opportunity to visit an Epcot backstage location.

These tours are geared towards ***guests aged 16 and over***. Cost for each tour is $25 per person.

Gardens of the World is offered *Mondays, Tuesdays, and Thursdays*; **Hidden Treasures East** is available on *Wednesdays and Saturdays*; **Hidden Treasures West** is presented on *Sundays and Fridays*. Tours departure time is 9:30am from the Tour Garden at the Epcot Main Entrance. Same-day reservations may be made at the Tour Garden; for advance reservations, please call WDW-TOUR [939-8687].

SEE WHAT'S NEW IN INNOVENTIONS

INNOVENTIONS - **Innoventions** continues to showcase the newest technological breakthroughs for home, school, and work.

The **House of Innoventions** in Innoventions East is home to several new products, including the **Powermate,** a prototype from **Apple** that is a vision of what computers may be in the near future--information appliances that are placed in livable environments like your kitchen or living room.

In Innoventions West, **AT&T** has created an actual testing lab staffed by top **Bell Labs** researchers to develop new technology with Innoventions guests in focus group settings. Bell Labs is the preeminent testing laboratory in the world for this kind of technology. Nearby, the Italian company **Infobyte** presents a virtual reality look at St. Peter's Basilica in Rome both as it exists today and as it existed in the 15th century. This exhibit shows the possibilities for virtual museums and virtual architecture.

GOURMET SHOP GRAND OPENING

ITALY - Join in the festivities as we celebrate the grand opening of the new **Gourmet Shop** in the Italy showcase on **Sunday, July 2**. "Sample" the gourmet flavors of Italy and enjoy complimentary wine tasting. The shop is located on the west side of the showcase, to the right as you enter the plaza.

Mickey and the Gang Are Celebrating Birthdays!

© Disney

Make your child's dream come true by giving them a party in the MAGIC KINGDOM Park.

All new! Imagine your child celebrating their most special day with MICKEY MOUSE at the Happiest Place on Earth!

- *Your child participates in a special "Birthday Motorcade" down Main Street, U.S.A.*
- *MICKEY and Friends personally throw a magical birthday party bash!*
- *Plus all the birthday decorations and party surprises you could wish for!*

It's the experience of a lifetime for only $19.95 per person.

Parties and special birthday appearances subject to availability.

For further information, please call (407) 934-6411, Monday through Saturday, 9am-5pm.
